Following their study, it was found that air pollution in the playground was at higher levels.

Appeal

We would like to develop our outdoor areas further and we are wondering if anyone has any large wooden cable reels that we could use as tables when the children are working outdoors? Foundation Stage would also be interested in any old tyres, smaller cable reels, stones, pebbles, cogs, wheels or any outdoor materials that they can use for building and creating.

Year 6 are also appealing for any small sized tin cans for a Christmas project they are undertaking.
